Located in central Shelby Township, the Van Dyke Corridor will soon become the destination for shopping, entertainment business, dining, civic functions, culture, and the arts. As the principal business district, the Van Dyke corridor offers affordable office options, has a number of lots ready for new offices and businesses, contains a variety of restaurants and retail, and is just blocks from more. The Van Dyke Corridor is also home to the Downtown Development Authority, dedicated to creating a sense of identity for the township and working to promote economic growth within the business district. The Town Center will soon offer innovative businesses a true, mixed-use, walkable neighborhood within Shelby Township. The urban energy will combine with suburban convenience to make an ideal location for offices, retailers, restaurants, entertainment venues, and residential alternatives.
