

Sign Permit

Overview

Why regulate signs?

Shelby Township regulates signs to ensure that they contribute to the character of the community, are placed in proper locations, and are not detrimental to the public safety and welfare.

Shelby Township recognizes the legitimate needs of businesses to have signs for identification and informational purposes.

The standards of Section 5.05 of the Zoning Ordinance are intended to promote traffic safety for motorists and pedestrians, avoid conflicts between different types of land uses, prevent the blighting impact created by an excessive number of unregulated signs, and enhance the visual appearance of the Township.

When is a temporary sign permitted?

Temporary signs may only be permitted for the following purposes:

- To advertise a businesses that lack a permanent sign.
- To advertise a change of use.
- To advertise a change in the basic services or products offered.

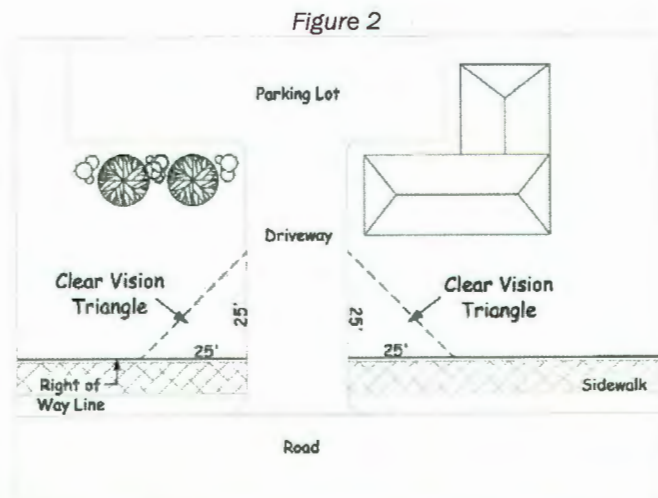

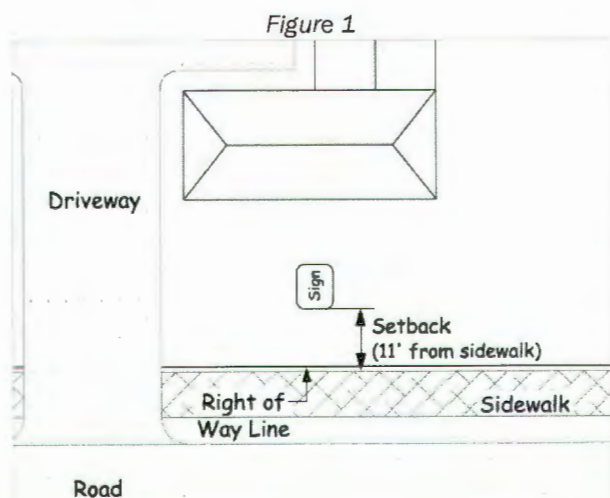

Applicants are encouraged to contact the Planning & Zoning Department prior to submission of a temporary sign permit application to determine whether the site qualifies for a temporary sign.

How many signs can I have and where can I put them?

The number of signs, their size and placement are all regulated by the Shelby Township Zoning Ordinance. Sign requirements and standards differ by zoning district as well as the speed limit of the adjacent roadway.

Sign permit applications must demonstrate compliance with all applicable standards. Be sure that your application illustrates the proposed sign placement on the site and demonstrates compliance with sign setback requirements of Section 5.05 of the Zoning Ordinance. Required setbacks are measured from the centerline of the road right-of-way. Typically the required setback results in a minimum distance of 11 feet between the sidewalk and the sign (Figure 1).

Applications must also demonstrate maintenance of "clear vision triangles" (Figure 2). Signs and other visual obstructions are prohibited within required clear vision areas.

Common Questions

Do I need a building permit?

A building permit is required for all permanent signs. A building permit must be obtained prior to sign installation.

Building permits are not required for temporary signs.

Are time and temperature signs allowed?

Time and temperature devices may be approved in all commercial and industrial zoning districts provided that they are designed as integrated features of the approved wall or ground sign.

Are address signs required?

All businesses shall prominently display their address on the permitted ground sign. Street addresses shall be large enough to be read from the street. All numbers shall contrast with the surface they are applied to and shall be mounted high enough to be visible from the street. Addresses shall not be obstructed from view by site landscaping. Shopping centers with individual tenants shall provide the address range for the tenants.

Addresses shall not be included in the maximum sign area calculations.
