

Gas Pipe and Gas Meter Sizing Worksheet

Project Address: _____

The International Fuel Gas Code, Section 402.1 & 402.2, requires the gas meter and piping to be sized for the full appliance load. To insure compliance, this worksheet shall be completed prior to the issuance of a mechanical permit for the following types of installations:

Tank-less Water Heaters, Generators and Pool Heaters

Identify all gas fueled appliances in the building and complete the information below:

APPLIANCE:	BTU RATING:	N/A
Tank-less Water Heater		
Water Heater		
Furnace		
Dryer		
Stove		
Oven		
Gas Fireplace		
Swimming Pool Heater		
Other		
Generator Cubic Ft rating or KW rating		
TOTAL:		

Cubic Foot Capacity of Gas Meter: _____

If the TOTAL exceeds the capacity of the current Gas Meter, I am aware that I will have to contact Consumers Energy to have the proper sized gas meter installed. This will be done before the final inspection.

Contractor Signature: _____

Property Owner: _____
